HAMLIN, JONES COUNTY, TEXAS 79520, THURSDAY, JUNE 24, 1971

PRICE TEN (10) CENTS

NEWS AND VIEWS . . .

And What Have You By BOB CRAIG

Elsewhere in this edition is a story announcing that the Postal Service is installing "Area Mail Processing" in the Sectional Center Facility in Abilene to serve this area.

This is a system where a great deal of the mechanical work of handling mail is done in the sectional center where equipment is available to do the job in an effort to improve mail service and still keep it within the budget. This is the system that was first put into effect up on the plains and caused a great deal of commotion. The problem seemed to be that some towns were losing their postmark and they felt that this was hurting them. Really, about all that was hurt was their pride.

The average mail user will never know the difference between mail worked here and that worked in Abilene In our case some of the mail will still be worked here and some will be worked in Abilene.

Unless you put your mail in the wrong box — the local mail will be handled here. Just to be on the safe side I would urge you to put Hamlin on your local mial rather than "City" because if you do put it in the wrong box and it goes to Abilene they won't know what to do with the mail marked

As I understand this new move it is a logical step in an effort to get our ever increasing mail service out of the horse and buggy days and help get the service back to the point the public wants.

As one who has always felt that the state government could be operated better with annual sessions and oneyear appropriation bills, I was glad to see Governor Smith veto the second year appropriation bill. It has never seemed too practical to me to write a budget for over two years ahead.

This is especially true when so much of what the state spends money on is involved in matters that also pertain to the federal government. The welfare program is a good example - who knows what the federal government (or the courts for that matter) are going to do in the field of welfare two years from now.

I was also glad to see the Governor veto some of the items in the coming year's appropriation bill, especially some of the "pork" put in the bill by the compromise committee that wrote the bill.

But as I have said before, I believe that Texas needs a governor that makes his presence known during the session and not just wait until the legislature has acted. Gov. Smith opened the session with a spending bill that was just short of being ridiculous and then went into hiding until the session was over.

The biggest change that needs to be made in our state government is in the rule that permits a compromise committee to write a bill larger than either of the two houses had passed. A compromise committee should iron out the differences in the bills passed by the two houses, not write its own bill.

Adding to the problem is the rule that the bill coming out of this committee cannot be amended. This means that the bill must be either accepted as written by the committee or rejected. This leaves only the Governor with power to make any changes and he can only veto an item but cannot adjust any of the figures.

Efforts have been made for a number of years now to change the power of this committee or at least force them to meet out in the open but serving on this committee is just too much of a political plum for the powers that be to turn loose of.

as just short of being ridiculous and then went into hiding until the session

The biggest change that needs to be made in our state government is in Continued on Page 4

Lions Ice Cream, Cake Supper **Friday Evening**

The annual Ice Cream and Cake Supper sponsored by the Hamlin Lions Club will be held in the high school cafetorium Friday evening from 5:30 until 7. Home-made ice cream and

cake will be served for 75 cents. Tickets are available from any Lions Club member or may be purchased at the door Friday evening.

Proceeds from the supper will be used by the local club in their various civic projects.

Supt. Cook Asks Golfers Not to Use **Elementary Grounds**

Superintendent C. F. Cook is issuing a request that people stop using the grounds around the elementary building (for-merly junior high) as a practice area for hitting golf balls.

Several complaints have been registered and Mr. Cook pointed out that several other of the school's properties would be more suitable for such practice.

He noted the danger of flying golf balls to motorists and pedestrians as well as the possible property damage to school buildings and residences

Suggested as alternate sites for practice were the track field and the practice fields across from the high school.

Funeral Services Held Wednesday For W. C. Eoff, 68

Funeral for W. C. Eoff, 68, was held at 2 p.m. Wednesday from the Hamlin Church of Christ.

Mr. Eoff, a farmer and stockman, had lived southwest of Hamlin since 1943. He died at 12:30 p.m. Tuesday at Hamlin Memorial Hospital. He had been ill six months.

Officiating were Gene Johnston, local minister, LeMoine G. Lewis Church of Christ minister of Abilene, and Rev. Marshall Stewart, pastor of the Church of the Nazarene.

Born Jan. 9, 1903, in Temple. his parents were the late Mr. and Mrs. W. M. Eoff. He married Irene Henderson at Merkel Oct. 15, 1924. She died Aug. 3, 1969.

Survivors include one son, Clifford of Hamlin; one brother, Naylor Eoff of Sweetwater; one sister, Mrs. Emma Harkins of Snyder and two grandchildren. Burial was in Merkel

Cemetery in Merkel. Pallbearers were Wayne Hodnett, Bill Hodnett, E. A. Preston, Charlie Turner, Woodrow Rogers and Steve Reynolds.

Thompsy Young Dies In Anson, Rites Held Here

Funeral for Thompsy Young, 84, was held at First Baptist Church Friday at 3 p.m. Rev. Howard Jones, pastor, Rev. Joe O'Neal, pastor of Kokomo Baptist Church and Rev. Harvey Whittenburg, pastor of First United Methodist Church, officiated.

Burial was in Neinda Cemetery under the direction of Foster Funeral Home.

Mrs. Young died at 6 p.m. Wednesday at Anson General Hospital.

Born Sept. 25, 1886, at Mt. Pleasant, he married Ora Ella Mingus in May, 1908. She died Dec. 15, 1920. He then married Winnie O'Neal at Flat Top Communbity Feb. 11, 1925.

He was a member of the Methodist Church and a member of the Odd Fellows Survivors are his wife; three sons, Roy of Littlefield, Paul of Buda and Richard of Lubbock; three daughters, Mrs. Bert (Viola) Killingsworth of Roby, Mrs. Charles (Mildred) Henry of Troy, Mich., and Mrs. George (Yvonne) Hoover of Ontario, Calif.; 11 grandchildren; and six great-grandchildren.

Pallbearers were David Boswell, Toimmy Kirk, Moody Miexner, Johnny Heatley, Tommy Young, Nat Mears, Altus Kelly and Charlie Bingham.

WITH EVANGELISTIC TEAM - Ann Mayo of Lubbock, who plays the bass violin and organ, is traveling with the other members of the Clifford Mayo Crusade Team now in Mexico. She will be presented here when the Team is in Hamlin for the City-wide Revival July 18-25 in the football stadium. Miss Mayo, daughter of Clifford Mayo, formerly sang and played the bass with The Soul Searchers, a gospel choir team with a strong evangelistic emphasis.

FOR REVIVAL-

Clinic On Witnessing Set At Methodist Church

Continuing the preparation for the forthcoming City-Wide revival July 18-25, a clinic on witnessing has been set Sunday (June 27) at 2:30 p.m. at First United Methodist Church.

Chesley Lewis of Fort Worth, one of the members of the Clifford Mayo Team that will be conducting the revival, will be here to direct the clinic.

At a Sunday evening meeting June 6 led by Lewis held in First Baptist Church, over 100 persons signed commitment cards. The rally was attended by over 400 persons. Offering taken for

Ester Ruth Brown **Elected to Office** At Girls State

Ester Ruth Brown of Hamlin High School a Citizen of the American Legion Auxiliary Bluebonnet Girls State, now in progress in Seguin, at Texas Lutheran College, was elected Councilman, Place 5, City of As in tonight's election, she is the daugnter of Mr. and Mrs. William Brown and was sponsored to Girls State through the local American Legion Auxiliary Unit No. 100 by the Hamlin Lions and Rotary Clubs.

One of the highlights of the session which began June 15 and ends June 25 will be the selection of two outstanding citizens of 1971 who will be sent to Girls Nation in Washington, D. C. by the American Legion Auxiliary.

Jesse Goolsby **Gets Promotion** To AF Captain

Jesse Goolsby, son of Mr. and Mrs. W. I. Goolsby, has been promoted to the rank of Captain in the U.S. Air Force.

A 1964 graduate of Hamlin High School, Capt. Goolsby graduated from Texas Tech in

He is married to the former Frances Turner of Abernathy. They are presently living at Shaw AFB, S.C.

preliminary expenses was

Expected to be here for the revival at the stadium are Clifford Mayo of Lubbock, widely known evangelist, having conducted campaigns over most of the United States. Mexico, Africa, Jordan, Israel and Guatemala.

Other members of the team will include outstanding musicians Ann Mayo and Jerry Anderson, both of Lubbock.

A youth rally will be held July 10 on the Farmers and Merchants National Bank parking lot north of the Post Office. On July 11 a meeting at 2:30 p.m. in the Church of the Nazarene is planned for all counselors. Dr. Luther Kirk of Lubbock will direct the service.

Bake Sale Sat.

The Teens of the Church of the Nazarene will have a bake sale Saturday at Mac's Super Market.

Proceeds from the sale will be used by the group for a trip to Six Flags over Texas at Arlington.

Barbecue, Pageant To Mark Fourth Here

An old fashioned Fourth of July Barbecue is being planned here Monday, July 5, by the Hamlin Board of Community Development. The barbecue will be held in conjunction with the annual Jaycee-ette Beauty Pageant and Festival.

Proceeds from the barbecue will be used by the BCD in the organization's current cleanup campaign, according to Ellis West and Jerry Smith, cochairmen. Tickets to the barbecue are now on sale by Hamlin merchants and are \$2.00 for adults and \$1.25 for children under 12.

The beef and pork barbecue and all the trimmings will be served from 5:30 to 7:30 in the high school cafetorium. The Jaycee-ette activities will get underway at 8 that evening in the high school stadium. Tickets for the pageant are 50 cents for adults and 25 cents for students.

Funds raised by the barbecue will be used by the Action Committee of the BCD to purchase paint and supplies to be used in the cleanup, fixup campaign underway here.

Tickets for the barbecue are available at the following firms: BCD office, F & M National

Bank, Reynolds Drug, Frank's Dept. Store, Winn's, Howard Drug, Joe Hudspeth's, Piggly Wiggly, Mac's Super Market, Food Market, Heidenheimer's, and Waggoner

There will be four divisions in the Beauty Pageant with the crowning of a Miss Piper-ette, a Little Miss, a Junior Miss and a Miss Pied Piper.

Post Office to Observe 'Postal Service Day' Here

The inauguaration of the new United States Postal Service on July 1, will be celebrated in Washington, D. C., and in every post office across the country. Postmaster Bobby Crowley has announced that all members of the community are invited to visit their local post office on Postal Service Day, July 1, marking the new U.S. Postal Service.

Dedication ceremonies in Washington will be hosted by Postmaster General Blount. Honored guests at the dedication will include members of Congress, former Postmasters General, the Board of Governors of the new Postal Service, and other dignitaries.

Visitors to the post office will be given a souvenir envelope imprinted with the old and new insignia of th Postal Service. This envelope will also be made available in limited numbers as a first day concelation - for just the cost of an 8 cent stamp by stamping and cancelling half of the souvenir envelopes in advance.

This will be the first time First Day Covers have been available in all U.S. Post Of-

A photographic display of modern Postal Service jobs and functions will help visitors learn more about the men and women of the Postal Service and how each mail user can help them to serve the community better.

Council Sets Parking Fee For Transit House Trailers

The City Council voted here Monday evening to begin charging a parking fee for the city limits. In other action the council approved a 25-year franchise for Lone Star Gas Company, approved a downtown parking lot, an operator's lease on the airport and a grazing lease on the old city airport land.

The ordinance calling for the parking fee for Trailer Houses will require a \$4.00 set down fee and a monthly charge of a halfcent per square foot per month, payable monthly on the water bill. The set-down charge will apply only to trailer houses moved in after July 1.

It was pointed out by the councilmen that the parking fee is in lieu of taxes and does not apply to trailer houses that are permanent structures and already on the tax rolls. The parking fee, based on the size of the trailer, applies of all trailers within the city limits being uysed as dwellings, but not permanently attached. The fee does not apply to camping trailers and the like not being lived in.

At the half-cent per square rate a 12 foot by 60 foot trailer would be charged a fee of \$3.60 per month or a total of \$43.20 per year. The fee will be billed out on the monthly water bills and will be payable monthly.

The Lone Star Gas franchise granted by the council replaces a previous 25-year franchise that expired this year. The franchise calls for a two percent gross receipts tax with only exempt. The only major change from the previous franchise is that commercial users were also exempt from this two percent tax.

A spokesman for Lone Star Gas Company said that this was only a minor change in that there were only three or four users classified as commercial within the city.

In other action the council approved a permit to construct a downtown parking lot next to Winn's with an exit onto North Central. The exit will be protected by a stop sign and only a right turn into the traffic

Local Teachers Attend Newspaper Seminar In Abilene

Mrs. Donley Williams and Mrs. Charles Absher, Hamlin elementary teachers, attended the Newspaper in Classroom Seminar at Abilene Christian College Monday and Tuesday.

The Seminar sponsored by the Abilene Reporter-News, was under the direction of Joe Starnes, assistant to the superintendent of Abilene Public Schools. Shackelford of Wichita, Kan., was speaker.

The teachers toured the new facilities of the Abilene R-N Monday morning.

flow will be permitted. The council also signed a five

year lease for the operation of Hamiin Muni with Clarence Fisher. For the sum of one dollar a year, Fisher was granted the lease and must furnish liability insurance and take care of minor maintance on the city owned property.

Fisher, operator of Hamlin Flying Service, owns the hanger at the airport and the land on which it is located. The operator's lease with the city only covers the runway and parking apron.

A three-year lease for \$300 a year was approved by the council on the approximately 80-acres of city owned land at the old airport. Kelly Scott was the high bidder and was granted the lease.

Five Students On H-SU Dean's List, Honor Roll

Five students from Hamlin were named to the 1971 semester Dean's List and Honor Roll at Hardin-Simmons University

On the Dean's List were Ketta Casey and Gil Lain, both juniors.

Named to the Honor Roll were Donnelle Hill, junior; William Lasseter, freshman; and Mary Wallace, freshman.

World's largest cemetery is in Leningrad, U.S.S.R.

Abilene Sectional Center To Work More Area Mail

The newest innovation of the United States Postal Service area mail processing — is to be installed at the Abilene Post Office and Sectional Center Facility July 6. Announcement of this new mail Plan was made by Postmaster Clyde E. Grant.

"The program is intended to speed the ultimate delivery of the mail and to gain maximum efficiency and economy through full utilization of Abilene's modern and recently mechanized post office," Mr. Grant said.

The Abilene Post Office. under Grant, is a Sectional Center Facility which, under the new Area Mail Process program, will process the mail 17 smaller associate post offices in the Abilene area.

Outgoing mail originating The Abilene Post Office has an electronic cancelling

machine equipped with an edger-stacking machine capable of facing and cancelling a total of 30,000 letters per hour. The Abilene Post Office is being considered for a letter

sorting machine which would be installed when determination is made that such an investment would be profitable, Mr. Grant explained. Area Mail Processing is a

plan whereby virtually all mail originating within a Sectional Center Facility area, including the associate offices of the Sectional Center, will be consolidated at the SCF for complete preparation processing for outgoing dispatch.

from all selected First Class associate offices of the Abilene Sectional Center will be collected in the respective of-

be dispatched directly to the Sectional Center for culling, facing, cancelling, and distribution preparatory to dispatch, Grant explained. The five First Class Associate Offices in the program are Colorado City, Haskell, Snyder, Stamford, and Sweetwater. They will use their local postmark to cancel mail deposited in collection boxes marked

fices. From there the mail will

"LOCAL" Baird, Clyde, Anson, Coahoma, Hamlin, Knox City, Merkel, Roby, Roscoe, Rotan, Rule and Winters are the Second-Class Post Offices in the plan and will postmark both "LOCAL" and "Out of Town" mail.

All 17 of the post offices will retain the mail addressed for their offices. The other mail will be forwarded to Abilene.

Use of the name of these towns in the address and not the word "city" will be crucial for successful mail delivery under the new mail plan, Grant said. Any local mail from any of the 17 offices that is designated 'City' and forwarded to Abilene will be returned to the sender, or to the "Dead Letter Office," if no return address is on the envelope, he added.

The Abilene Sectional Center Area postmark will read, "U.S. Postal Service TX 796," along with the date and AM-PM designation. The city postmark of Abilene and each individual associate office will not be changed. All metered mail will bear the postmark of the office of origin.

It was emphasized by Mr. Grant that no office will lose its local postmark whatsoever.

up your home. With central gas air conditioning, it only costs a little to add a low rate for central gas air conditioning during those swelter ing summer months. When you need central air cooling the most.

Lone Star Gas

FROM THE FILES . . .

FORTY-FIVE YEARS AGO (June 18, 1926)

Just as the Herald was being put on the press, (today, Thursday, four thirty), one of the worst clouds, mixed with dirt and very peculiar that old timers had ever seen came up. It began to rain and blow. In a short while every house in town, almost, was leaking like there was no roof. It rained a regular water spout. As we type this there is more water on Central Avenue than we have ever seen in the twelve years we have lived here. We can't tell so soon whether there has been much damage in other parts of the country, but we fear for the section to the east and south. The cloud came from the southwest and appears not to have extended far to the west.

Since last week there has been two new and modern service stations opened in Hamlin. Up-town we see the beautiful corner brick known as the Littleton corner but from name of the person operating this station it will be called the Adkins Service Station. The Adkins took charge of the station just this week, and from indications this is going to be a prominent place for the autoist.

Major B. E. Sparks and his son, Leslie, have put South Hamlin on the map for business. They have demonstrated that a filling station can prove successful at the end of a busy street. But now they are in their own house. Last week they opened their new two-story building just across the street from the Britton Gin.

TWENTY YEARS AGO (June 22, 1951)

A fire Saturday destroyed the local Gulf Warehouse and tank truck of G.B. Mayfield at 5:00 p.m. Saturday.

The blaze started from spilled gasoline and fumes on the walkway of the truck ignited when the pipe was dropped and caused sparks with falmes enveloping the truck.

Mayfield, unable to drive the loaded truck from the loading dock because of the flames; soon saw the fire spreading to his warehouse.

Total loss was unestimated at this time and included the loss of the truck, and partial destruction of the warehouse. All was covered by insurance, stated Mayfield in a report to a Herald reporter.

Firemen were able to bring the blaze under control with sprinkler attachments. Clouds of black smoke prevented them from quinching the blaze sooner and the dangers of the gasoline and explosions of several tires and other items.

Mayfield stated that the warehouse will be repaired and a new loading dock will be built to prevent another such accident.

The fogging machine of the City is continuing its fight against flies and mosquitoes which have descended upon the city during the recent wet spell.

TEN YEARS AGO (June 22, 1961)

Day Camp, scheduled this week for the Camp Fire and Blue Bird girls, has been postponed due to the results of the incliment weather conditions of the past few days.

Portions of the park, where the camp was due to be held is still under water and it was impossible to mow the grass and set up facilities for the various projects and activities of the

The swimming pool water was not

warmed sufficiently to allow the girls to swim and swarms of mosquitos are very much an evidence after the rains.

Tentative dates have been set for July 11, 12, 13 and 14 with the same schedule and set instruction as before. However new registration cards will be mailed to each girl prior to the camp days.

Any additional plans will be announced at a later date.

Many of the top Junior Rodeo performers in the nation were on hand here this past weekend to take part in the third annual Junior Rodeo sponsored by the Hamlin Riding Club. Although the heavy rains Thursday and Friday cut the crowds down to almost nothing and cut the times of the contestants it did not damage competitive spirit.

The rain that started Thursday morning cut the parade down to the members of the Riding Club.

Six employees of the Hamlin School lunch room attended a school Lunch Workshop held last week, Monday through Friday at Texas Tech in Lubbock.

Subjects studied were food preparation, meal planning, service and sanitation.

According to Mrs. Cecil Brown, local lunch room supervisor, all of these courses were based on the type A lunch, which is one third of the amount of the daily requirements for a child.

A summer recreation program for boys is being conducted each morning from 10 until 12 Monday through Friday at the High School field house by the Hamlin Public Schools. The program is under the direction of D.C. Andrews and Jimmy Vaughn.

Included in the program is weight lifting, running and swimming. Boys of any age are invited to take part.

And What Have You

By BOB CRAIG

the rule that permits a compromise committee to write a bill larger than either of the two houses had passed. A compromise committee should iron out the differences in the bills passed by the two houses, not write its own bill.

Adding to the problem is the rule that the bill coming out of this committee cannot be amended. This means that the bill must be either accepted as written by the committee or rejected. This leaves only the Governor with power to make any changes and he can only veto an item but cannot adjust any of the figures.

Efforts have been made for a number of years now to change the power of this committee or at least force them to meet out in the open but serving on this committee is just too much of a political plum for the powers that be to turn loose of.

Anyone serving on this committee can place all kinds of pet projects in the bill that could never get by the legislature any other way. This is why the bill coming out of the committee was higher than the original bill passed by either house.

This is the reason that people like Bill Heatley, House Chairman of Appropriations, always gets reelected from his district without any trouble. He takes good care of his district - at the expense of the rest of

Two Students At **Baylor to Pledge** Law Fraternities

WACO - Two Baylor University School of Law students from Hamlin, Gary E. Connally and Bernard Allen Cumbie, have been selected to pledge law fraternities.

Connally and Cumbie have received invitations to pledge membership in Phi Alpha Delta and Phi Delta Phi respectively. Angus S. McSwain Jr., dean of the law school, announced the selection of the young men.

Connally, son of Mr. and Mrs. Charles E. Connally of 249 N.W. 1st, is a 1967 graduate of Hamlin High School. He attended Texas Tech University, Abilene spensored jointly by Texas Christian College, Hardin-Simmons University and Baylor

entered the law school last fall. Cumbie, son of Mr. and Mrs. B. A. Cumbie of 631 N.W. Avenue F, is a 1965 graduate of Hamlin High School. He attended Baylor, where he was a charter member of Sigma Tau Epsilon, a men's social club.

Cumbie also has been chosen to write for the Baylor Law Review, quarterly publication dealing with various aspects of law, particularly in Texas. Articles are written by students, professors and jurists.

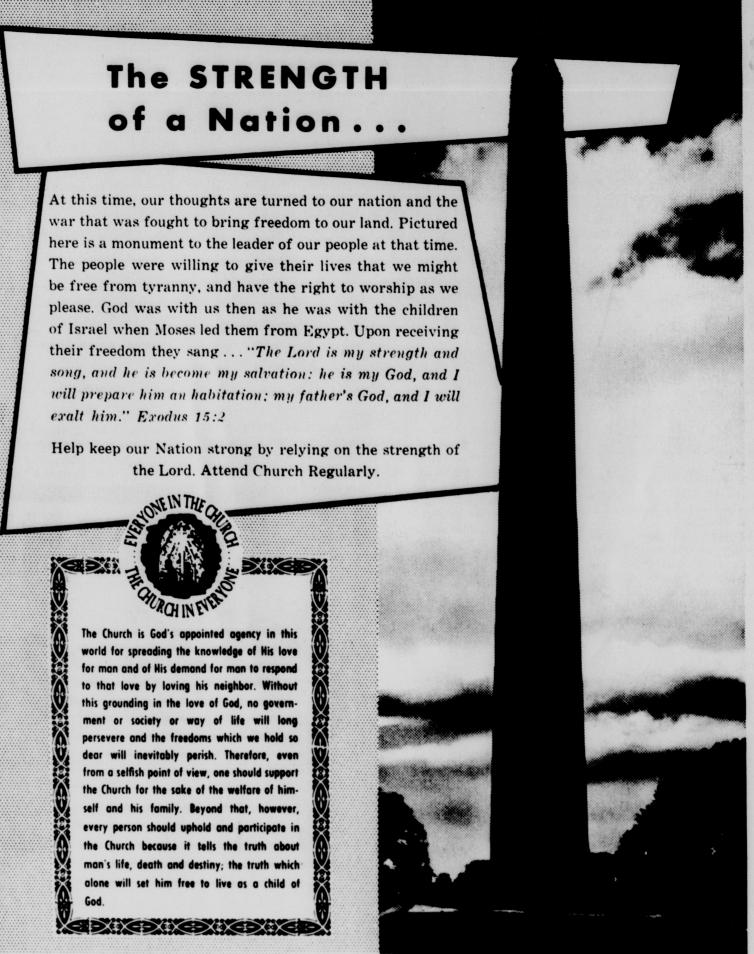

A drug education workshop Alcohol Narcotics Education (TANE) and Baylor University will be held in Waco, Texas, A mid-law student, Connally August 5-7, 1971 for teachers, church leaders, and lawmen.

Questions

Q. My brother, who is 36 and has a family of four. was hurt in an accident almost a year ago and isn't working. He applied for social security disability benefits, and just last week they told him that he at your social security ofwasn't disabled enough to get benefits. I feel he is. Is there anything more he can

A. Yes. The social secuplained to your brother that he can request a reconsideration. But he must make this request within 6 months of the date that the initial decision was made. A reconsideration is a complete review of his case. If your brother then disagrees with the reconsideration decision, he can request a hearing before a hearing examiner of the Social Security Administration. After this, your brother can take his case to an Appeals Council, and, finally, he can seek review by a Federal court.

plained in detail in a leaflet Decision Made on Your Claim". It is available from any social security office.

money, is there anything I can do?

A. Yes. You may request the carrier who handles Medicare claims in your area to review your claim. 2.35 in. of rain. You can make this request fice. If you disagree with this review decision, you may request a hearing be- home one evening last week fore a hearing officer.

Drunk-Driver Control Bill Could Save \$340 Million

AUSTIN - "Texans may save \$340 Million in the next two years because of one new law passed by the legislature and signed by the Governor," according to the president of the Texas Safety Association.

J.U. Parker, a Houston safety consultant, who heads the statewide safety group, made the comment today in a release

'Employer Kits' Help Explain **Social Security**

Kits of materials designed to help employers explain social security to their employees are available through social security offices, according to officials here.

Called the "Employer Portfolio," each kit includes three If someone paid you ten cents educational packages, a sofor every kind word that you cial security spokesman said -(1) employee communications materials, (2) employer guidelines on reporting wages, and (3) employee retirement information.

The employee communication package, designed to help employers explain social security to their younger employees, includes a poster, an informational paycheck stuffer, and a small tabletop display card.

The employer guidelines package on reporting wages includes a leaflet entitled "Information about Making Social Security Reports," a sample Form 941 Quarterly Wage Report for employers, and other information for payroll office personnel.

The employee retirement package, designed to help employers plan and conduct pre-retirement seminars, includes a comprehensive booklet on the subject, "Are You Planning on Living the Rest of Your Life?'

The retirement booklet may be ordered from the Superintendent of Documents, Washington, D.C. 20402 for 30 cents a copy with a 25 percent discount on orders of 100 or more.

Employers who need 5,000 more copies of the em ployees communications materials will be sent reproduction plates from which they may print whatever quantity they want, the social security spokesman said.

from TSA's Austin office. He explained that Governor Preston Smith had signed into

law a measure aimed at controlling the problem of the drunkened drinker-driver. Recommended as a part of the Govern'r's traffic safety program, the bill establishes the presence of 0.10 percent blood-alcohol concentration in a driver as a presumption of driving while intoxicated.

"Last year in Texas, abusive drinker-drivers contributed to the deaths of some 1,700 Texans on our highways. The cost to all Texans was an estimated \$348.5 Million," Parker said.

"If this new law is uniformly, fairly, and firmly enforced throughout Texas, it could bring into control our number one highway safety menace and reduce the death toll by as much as 50 percent during the next two years," Parker commented.

'Such a reduction could easily save the citizens of this state \$340 Million in the same period of time," the TSA president stated.

"But I must re-emphasize," Parker continued, "that we will not see a reduction in this abusive drinker-driver death toll unless there are strong efforts from the local law enforcement level and unless there is positive cooperation from the courts."

Parker said that the new drunk-driving law is evidence of growing concern by the people of Texas with this major highway safety problem.

CONVICTION "TAX" LEVIED - Cost of moving traffic violations and other convinctions will go up under a bill signed into law and designed to provide funds for projects to improve the criminal justice system.

In addition to other taxable court costs, \$2.50 will be charged in each misdemeanor conviction in justice of the peace or municipal court. County misdeameanor convictions will be charged an additional \$5 in court costs, and felony convictions, \$10.

eventuality? Doesn't the New York Times have a copy?

Now I know that when farmers, who used to make up over 50 percent of the population, started going broke, the experts said oh, they're just marginal farmers, let them go under and get a job somewhere else, and today only 8 percent of the population are farmers.

You suppose they'll now say oh, these busted cities are just marginal cities, inefficiently

operated, let them go under and do something else? All right, suppose that happens, and cities start dwindling

to where only 8 percent of the population lives there. That's an 8 percent of in the country, 8 percent in the city.

Where in the world are the other 84 percent? I'm sorry I brought the matter up.

Yours faithfully,

Farm Vehicle Regulations WASHINGTON, D.C. -

Congressman Omar Burleson today announced that the Department of Transportation has indicated its intention to revise its commercial vehicle driver qualification regulations insofar as they apply to drivers of certain vehicles controlled and operated by farmers. This action followed consultations ment, with the Department of Agriculture, with farm group

interested parties. Congressman Burleson stated that the Department's Federal Highway Administration found regulations.

"As one who has protested vehemently the restrictions on

under 10,000 pounds gross of farmer-controlled and requirements. The agency also

The two applicants agreed to let the fickle flip of a coin decide the destiny of the county judgeship.

Ralph Ammons got the call and hollered "heads," Perkins tossed the coin and it came up heads.

Ammons will take office on July 1. This is the first public office he has held.

Western Observer (Anson) — This year's city-wide cleanup drive served to remove tons of trash and rubbish from town, but fell short of the goal of in the matter of clearing vacant lots and removing vacant houses and other buildings that continue as health and fire hazards. according to Ernest Pittman, chairman of the Chamber of Commerce Beautification Committee.

'Many homeowners and business men have done a good job of clearing their property of refuse and unsightly articles that have been discarded, and have even cleaned up vacant lots ac acent or near them, but a few have yet to respond to the idea that a clean town is a better and more beautiful place to live and work in," Pittman said.

Though several vacant buildings have been razed and the lots cleared there are still a large number that for safety and health reasons should be torn down, Pittman pointed out.

The Asperment Star - A parade will start at 5 p.m. Thursday, June 24, to open the sixteenth annual Amateur Rodeo to be held here June 24, 25 and 26. The rodeo will be held at 8:30 each night. The Stonewall County Riding

Club has extended a hearty welcome to other riding clubs in the area to be their guests at the parade and rodeo. The clubs will meet at Stonewall County Livestock Barn east of Aspermont. The local club will feed the visiting clubs and the members of the clubs will receive a ticket for the Thursday evening performance.

Dolph Briscoe of Uvalde reportedly retains interest in the governor's race.

Gov. Preston Smith still hints he may run again, brands federal handling of the stock case "political harassment."

LAND SALE SET - School Land Board will offer 594,132 acres of land in 869 tracts for

July 6 lease sale. For the first time, said Land Commissioner Bob Armstrong. the Land Board has coordinated environmental planning with the Parks and Wildlife Department on all bays and

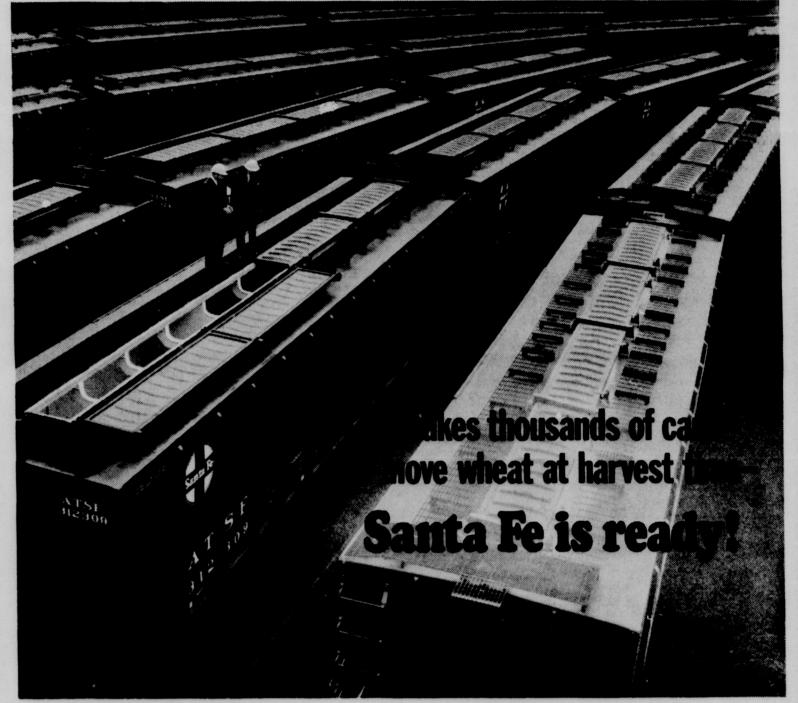

inlets included. PWD reviewed tracts in lease

and reported any possible hazard to the environment if drilling is permitted. Proposed restrictions will be considered by the Land Board.

Other tracts included are submerged lands in the Gulf of Mexico cancelled from the May sale list due to U.S. Army Corps of Engineers' halting drilling on such tracts temporarily. Submerged land acreage is the largest offered for lease since June, 1965, when the state received more than \$17 million for sale of leases.

Texas will have 7.2 million registered motor vehicles this year, second only to California according to Texas Automobile Dealers Association.

420-million bushels is the estimated harvest now getting under way in the southwest and midwest wheat belt. This harvest has to be moved from growing areas to elevators and mills, also to ports for export.

Here's how Santa Fe has been getting ready for this

At the start of the year we ordered 800 giant 100-ton covered hopper cars which are ideal for moving wheat, potash and bulk commodities as they can be loaded in twelve minutes and unloaded in about three minutes. During April we added 500 more to increase the order to 1300 cars, so we could have almost 10,000 giant hoppers ready by harvest. We also use box cars and other types of equipment to keep the wheat rolling.

And there are other ways we are ready for this big job. Last year we expanded and automated our Argentine Yard at Kansas City, which is a busy wheat terminal. Our data center at Topeka is prepared to keep constant check on cars to gain the best possible utilization of equipment. Diesel units have been added to our locomotive fleet and older units updated to move the wheat trains.

Now the harvest is starting and Santa Fe people, with their experience and dedication, are ready to handle this big transportation job. All together we are making our strongest effort to move this year's wheat harvest while at the same time keeping all other freight moving across our railway.

"To efficiently move huge volumes of wheat at harvest time must depend on fast loading and unloading of cars by shippers, elevator operators

and at port terminals. We must also rely on prompt inspection by government agencies. Through cooperation with everyone in the grain industry, Santa Fe is making

an all out effort to move this year's wheat harvest without a serious car shortage."

John S. Reed President - Santa Fe Railway

Santa Fe-the railway that is always on the move toward a better way

NEWS AND VIEWS . . .

And What Have You

By BOB CRAIG

Elsewhere in this edition is a story announcing that the Postal Service is installing "Area Mail Processing" in the Sectional Center Facility in Abilene to serve this area.

This is a system where a great deal of the mechanical work of handling mail is done in the sectional center where equipment is available to do the job in an effort to improve mail service and still keep it within the budget. This is the system that was first put into effect up on the plains and caused a great deal of commotion. The problem seemed to be that some towns were losing their postmark and they felt that this was hurting them. Really, about all that was hurt was their pride.

The average mail user will never know the difference between mail worked here and that worked in Abilene In our case some of the mail will still be worked here and some will be worked in Abilene.

Unless you put your mail in the wrong box — the local mail will be handled here. Just to be on the safe side I would urge you to put Hamlin on your local mial rather than "City" because if you do put it in the wrong box and it goes to Abilene they won't know what to do with the mail marked

As I understand this new move it is a logical step in an effort to get our ever increasing mail service out of the horse and buggy days and help get the service back to the point the public wants.

As one who has always felt that the state government could be operated better with annual sessions and oneyear appropriation bills, I was glad to see Governor Smith veto the second year appropriation bill. It has never seemed too practical to me to write a budget for over two years ahead.

This is especially true when so much of what the state spends money on is involved in matters that also pertain to the federal government. The welfare program is a good example - who knows what the federal government (or the courts for that matter) are going to do in the field of welfare two years from now.

I was also glad to see the Governor veto some of the items in the coming year's appropriation bill, especially some of the "pork" put in the bill by the compromise committee that wrote the bill.

But as I have said before, I believe that Texas needs a governor that makes his presence known during the session and not just wait until the legislature has acted. Gov. Smith opened the session with a spending bill that was just short of being ridiculous and then went into hiding until the session was over.

The biggest change that needs to be made in our state government is in the rule that permits a compromise committee to write a bill larger than either of the two houses had passed. A compromise committee should iron out the differences in the bills passed by the two houses, not write its own bill.

Adding to the problem is the rule that the bill coming out of this committee cannot be amended. This means that the bill must be either accepted as written by the committee or rejected. This leaves only the Governor with power to make any changes and he can only veto an item but cannot adjust any of the figures.

Efforts have been made for a number of years now to change the power of this committee or at least force them to meet out in the open but serving on this committee is just too much of a political plum for the powers that be to turn loose of.

as just short of being ridiculous and then went into hiding until the session

The biggest change that needs to be made in our state government is in Continued on Page 4

Lions Ice Cream, Cake Supper **Friday Evening**

The annual Ice Cream and Cake Supper sponsored by the Hamlin Lions Club will be held in the high school cafetorium Friday evening from 5:30 until 7. Home-made ice cream and cake will be served for 75 cents.

Tickets are available from any Lions Club member or may be purchased at the door Friday evening.

Proceeds from the supper will be used by the local club in their various civic projects.

Supt. Cook Asks Golfers Not to Use **Elementary Grounds**

Superintendent C. F. Cook is issuing a request that people stop using the grounds around the elementary building (formerly junior high) as a practice area for hitting golf balls.

Several complaints have been registered and Mr. Cook pointed out that several other of the school's properties would be more suitable for such practice. He noted the danger of flying

golf balls to motorists and pedestrians as well as the possible property damage to school buildings and residences in the area

Suggested as alternate sites for practice were the track field and the practice fields across from the high school.

Funeral Services Held Wednesday For W. C. Eoff, 68

Funeral for W. C. Eoff, 68, was held at 2 p.m. Wednesday from the Hamlin Church of Christ.

Mr. Eoff, a farmer and stockman, had lived southwest of Hamlin since 1943. He died at 12:30 p.m. Tuesday at Hamlin Memorial Hospital. He had been ill six months.

Officiating were Gene Johnston, local minister, LeMoine G. Lewis Church of Christ minister of Abilene, and Rev. Marshall Stewart, pastor of the Church of the Nazarene. Born Jan. 9, 1903, in Temple,

his parents were the late Mr. and Mrs. W. M. Eoff. He married Irene Henderson at Merkel Oct. 15, 1924. She died Aug. 3, 1969.

Survivors include one son. Clifford of Hamlin: one brother. Naylor Eoff of Sweetwater; one sister, Mrs. Emma Harkins of Snyder and two grandchildren. Burial was in Merkel Cemetery in Merkel.

Pallbearers were Wayne Hodnett, Bill Hodnett, E. A. Preston, Charlie Turner, Woodrow Rogers and Steve Reynolds.

Thompsy Young Dies In Anson, Rites Held Here

Funeral for Thompsy Young, 84, was held at First Baptist Church Friday at 3 p.m. Rev. Howard Jones, pastor, Rev. Joe O'Neal, pastor of Kokomo Baptist Church and Rev. Harvey Whittenburg, pastor of First United Methodist Church, officiated.

Burial was in Neinda Cemetery under the direction of Foster Funeral Home.

Mrs. Young died at 6 p.m. Wednesday at Anson General Hospital.

Born Sept. 25, 1886, at Mt. Pleasant, he married Ora Ella Mingus in May, 1908. She died Dec. 15, 1920. He then married Winnie O'Neal at Flat Top Communbity Feb. 11, 1925.

He was a member of the Methodist Church and a member of the Odd Fellows Survivors are his wife; three

sons, Roy of Littlefield, Paul of Buda and Richard of Lubbock; three daughters, Mrs. Bert (Viola) Killingsworth of Roby, Mrs. Charles (Mildred) Henry of Troy, Mich., and Mrs. George (Yvonne) Hoover of Ontario. Calif.; 11 grandchildren; and six great-grandchildren.

Pallbearers were David Boswell, Toimmy Kirk, Moody Miexner, Johnny Heatley, Tommy Young, Nat Mears, Altus Kelly and Charlie Bingham.

WITH EVANGELISTIC TEAM - Ann Mayo of Lubbock, who plays the bass violin and organ, is traveling with the other members of the Clifford Mayo Crusade Team now in Mexico. She will be presented here when the Team is in Hamlin for the City-wide Revival July 18-25 in the football stadium. Miss Mayo, daughter of Clifford Mayo, formerly sang and played the bass with The Soul Searchers, a gospel choir team with a strong evangelistic emphasis.

FOR REVIVAL

Clinic On Witnessing Set At Methodist Church

Continuing the preparation for the forthcoming City-Wide revival July 18-25, a clinic on witnessing has been set Sunday (June 27) at 2:30 p.m. at First United Methodist Church.

Chesley Lewis of Fort Worth, one of the members of the Clifford Mayo Team that will be conducting the revival, will be here to direct the clinic.

At a Sunday evening meeting June 6 led by Lewis held in First Baptist Church, over 100 persons signed commitment cards. The rally was attended by over 400 persons. Offering taken for

Ester Ruth Brown **Elected to Office** At Girls State

Ester Ruth Brown of Hamlin High School a Citizen of the American Legion Auxiliary Bluebonnet Girls State, now in progress in Seguin, at Texas Lutheran College, was elected Councilman, Place 5, City of As in tonight's election, she is the daughter of Mr. and Mrs. William Brown and was sponsored to Girls State through the local American Legion Auxiliary Unit No. 100 by the Hamlin Lions and Rotary Clubs.

One of the highlights of the session which began June 15 and ends June 25 will be the selection of two outstanding citizens of 1971 who will be sent to Girls Nation in Washington, D. C. by the American Legion Auxiliary.

Jesse Goolsby **Gets Promotion** To AF Captain

Jesse Goolsby, son of Mr. and Mrs. W. I. Goolsby, has been promoted to the rank of Captain in the U.S. Air Force.

A 1964 graduate of Hamlin High School, Capt. Goolsby graduated from Texas Tech in

He is married to the former Frances Turner of Abernathy. They are presently living at Shaw AFB, S.C.

There will be four divisions in the Beauty Pageant with the crowning of a Miss Piper-ette, a Little Miss, a Junior Miss and a Miss Pied Piper.

Post Office to Observe 'Postal Service Day' Here

The inauguaration of the new United States Postal Service on July 1, will be celebrated in Washington, D. C., and in every post office across the country. Postmaster Bobby Crowley has announced that all members of the community are invited to visit their local post office on Postal Service Day, July 1, marking the new U.S. Postal Service. Dedication ceremonies in

Washington will be hosted by Postmaster General Blount. Honored guests at the dedication will include members of Congress, former Postmasters General, the Board of Governors of the new Postal Service, and other dignitaries.

Visitors to the post office will be given a souvenir envelope imprinted with the old and new insignia of th Postal Service. This envelope will also be made available in limited numbers as a first day concelation - for just the cost of an 8 cent stamp by stamping and cancelling half of the souvenir envelopes in

This will be the first time First Day Covers have been available in all U.S. Post Of-

A photographic display of modern Postal Service jobs and functions will help visitors learn more about the men and women of the Postal Service and how each mail user can help them to serve the community better.

Council Sets Parking Fee For Transit House Trailers

Monday evening to begin charging a parking fee for Trailer Houses located within the city limits. In other action the council approved a 25-year franchise for Lone Star Gas Company, approved a downtown parking lot, an operator's lease on the airport and a grazing lease on the old city airport land.

The ordinance calling for the parking fee for Trailer Houses will require a \$4.00 set down fee and a monthly charge of a halfcent per square foot per month, payable monthly on the water bill. The set-down charge will apply only to trailer houses moved in after July 1.

It was pointed out by the councilmen that the parking fee is in lieu of taxes and does not apply to trailer houses that are permanent structures and already on the tax rolls. The parking fee, based on the size of the trailer, applies of all trailers within the city limits being uvsed as dwellings, but not permanently attached. The fee does not apply to camping trailers and the like not being lived in.

At the half-cent per square rate a 12 foot by 60 foot trailer would be charged a fee of \$3.60 per month or a total of \$43.20 per year. The fee will be billed out on the monthly water bills and will be payable monthly.

The Lone Star Gas franchise granted by the council replaces a previous 25-year franchise

The City Council voted here that expired this year. The flow will be permitted franchise calls for a two percent gross receipts tax with only governmental users being exempt. The only major change from the previous franchise is that commercial users were also exempt from this two percent tax.

> A spokesman for Lone Star Gas Company said that this was only a minor change in that there were only three or four users classified as commercial within the city.

In other action the council approved a permit to construct a downtown parking lot next to Winn's with an exit onto North Central. The exit will be protected by a stop sign and only a right turn into the traffic

Local Teachers Attend Newspaper Seminar In Abilene

Mrs. Donley Williams and Mrs. Charles Absher, Hamlin elementary teachers, attended the Newspaper in Classroom Seminar at Abilene Christian College Monday and Tuesday.

The Seminar sponsored by the Abilene Reporter-News, was under the direction of Joe Starnes, assistant to the superintendent of Abilene Public Schools. Hope Shackelford of Wichita, Kan., was speaker.

The teachers toured the new facilities of the Abilene R-N Monday morning.

The council also signed a five year lease for the operation of the Hamlin Municipal Airport with Clarence Fisher. For the sum of one dollar a year, Fisher was granted the lease and must furnish liability insurance and take care of minor maintance on the city owned property.

Fisher, operator of Hamlin Flying Service, owns the hanger at the airport and the land on which it is located. The operator's lease with the city only covers the runway and parking apron.

A three-year lease for \$300 a year was approved by the council on the approximately 80-acres of city owned land at the old airport. Kelly Scott was the high bidder and was granted the lease.

Five Students On H-SU Dean's List, Honor Roll

Five students from Hamlin were named to the 1971 semester Dean's List and Honor Roll at Hardin-Simmons University.

On the Dean's List were Ketta Casey and Gil Lain, both juniors.

Named to the Honor Roll were Donnelle Hill, junior; William Lasseter, freshman; and Mary Wallace, freshman.

World's largest cemetery is in Leningrad, U.S.S.R.

Abilene Sectional Center To Work More Area Mail

The newest innovation of the United States Postal Service area mail processing - is to be installed at the Abilene Post Office and Sectional Center Facility July 6. Announcement of this new mail Plan was made by Postmaster Clyde E. Grant.

"The program is intended to speed the ultimate delivery of the mail and to gain maximum efficiency and economy through full utilization of Abilene's modern and recently mechanized post office," Mr. Grant said.

The Abilene Post Office. under Grant, is a Sectional Center Facility which, under the new Area Mail Process program, will process the mail 17 smaller associate post offices

in the Abilene area. The Abilene Post Office has an electronic cancelling

machine equipped with an edger-stacking machine capable of facing and cancelling a total of 30,000 letters per hour. The Abilene Post Office is

being considered for a letter sorting machine which would be installed when determination is made that such an investment would be profitable, Mr. Grant explained.

Area Mail Processing is a plan whereby virtually all mail originating within a Sectional Center Facility area, including the associate offices of the Sectional Center, will be consolidated at the SCF for complete preparation and processing for outgoing dispatch.

Outgoing mail originating from all selected First Class associate offices of the Abilene Sectional Center will be collected in the respective of-

fices. From there the mail will be dispatched directly to the Sectional Center for culling, facing, cancelling, and distribution preparatory to dispatch, Grant explained. The five First Class Associate Offices in the program are Colorado City, Haskell, Snyder, Stamford, and Sweetwater. They will use their local postmark to cancel mail deposited in collection boxes marked

"LOCAL" Baird, Clyde, Anson, Coahoma, Hamlin, Knox City, Merkel, Roby, Roscoe, Rotan, Rule and Winters are the Second-Class Post Offices in the plan and will postmark both "LOCAL" and "Out of Town"

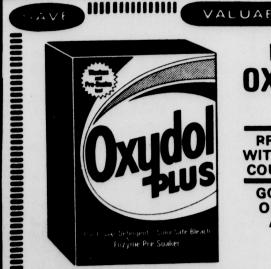

All 17 of the post offices will retain the mail addressed for their offices. The other mail will be forwarded to Abilene.

Use of the name of these towns in the address and not the word "city" will be crucial for successful mail delivery under the new mail plan, Grant said. Any local mail from any of the 17 offices that is designated "City" and forwarded to Abilene will be returned to the sender, or to the "Dead Letter Office," if no return address is on the envelope, he added.

The Abilene Sectional Center Area postmark will read, "U.S. Postal Service TX 796," along with the date and AM-PM designation. The city postmark of Abilene and each individual associate office will not be changed. All metered mail will bear the postmark of the office of origin.

It was emphasized by Mr. Grant that no office will lose its local postmark whatsoever.

FROM THE FILES . . .

FORTY-FIVE YEARS AGO (June 18, 1926)

Just as the Herald was being put on the press, (today, Thursday, four thirty), one of the worst clouds, mixed with dirt and very peculiar that old timers had ever seen came up. It began to rain and blow. In a short while every house in town, almost, was leaking like there was no roof. It rained a regular water spout. As we type this there is more water on Central Avenue than we have ever seen in the twelve years we have lived here. We can't tell so soon whether there has been much damage in other parts of the country, but we fear for the section to the east and south. The cloud came from the southwest and appears not to have extended far to the west.

Since last week there has been two new and modern service stations opened in Hamlin. Up-town we see the beautiful corner brick known as the Littleton corner but from name of the person operating this station it will be called the Adkins Service Station. The Adkins took charge of the station just this week, and from indications this is going to be a prominent place for the autoist.

Major B. E. Sparks and his son, Leslie, have put South Hamlin on the map for business. They have demonstrated that a filling station can prove successful at the end of a busy street. But now they are in their own house. Last week they opened their new two-story building just across the street from the Britton Gin.

TWENTY YEARS AGO (June 22, 1951)

A fire Saturday destroyed the local Gulf Warehouse and tank truck of G.B. Mayfield at 5:00 p.m. Saturday.

The blaze started from spilled gasoline and fumes on the walkway of the truck ignited when the pipe was dropped and caused sparks with falmes enveloping the truck.

Mayfield, unable to drive the loaded truck from the loading dock because of the flames; soon saw the fire spreading to his warehouse.

Total loss was unestimated at this time and included the loss of the truck, and partial destruction of the warehouse. All was covered by insurance, stated Mayfield in a report to a Herald reporter.

Firemen were able to bring the blaze under control with sprinkler attachments. Clouds of black smoke prevented them from quinching the blaze sooner and the dangers of the gasoline and explosions of several tires and other items.

Mayfield stated that the warehouse will be repaired and a new loading dock will be built to prevent another such accident.

The fogging machine of the City is continuing its fight against flies and mosquitoes which have descended upon the city during the recent wet spell.

TEN YEARS AGO (June 22, 1961)

Day Camp, scheduled this week for the Camp Fire and Blue Bird girls, has been postponed due to the results of the incliment weather conditions of the past few days.

Portions of the park, where the camp was due to be held is still under water and it was impossible to mow the grass and set up facilities for the various projects and activities of the camp.

warmed sufficiently to allow the girls to swim and swarms of mosquitos are very much an evidence after the

Tentative dates have been set for July 11, 12, 13 and 14 with the same schedule and set instruction as before. However new registration cards will be mailed to each girl prior to the camp days.

Any additional plans will be announced at a later date.

Many of the top Junior Rodeo performers in the nation were on hand here this past weekend to take part in the third annual Junior Rodeo sponsored by the Hamlin Riding Club. Although the heavy rains Thursday and Friday cut the crowds down to almost nothing and cut the times of the contestants it did not damage competitive spirit.

The rain that started Thursday morning cut the parade down to the members of the Riding Club.

Six employees of the Hamlin School lunch room attended a school Lunch Workshop held last week, Monday through Friday at Texas Tech in Lubbock.

Subjects studied were food preparation, meal planning, service and sanitation.

According to Mrs. Cecil Brown, local lunch room supervisor, all of these courses were based on the type A lunch, which is one third of the amount of the daily requirements for a child.

A summer recreation program for boys is being conducted each morning from 10 until 12 Monday through Friday at the High School field house by the Hamlin Public Schools. The program is under the direction of D.C. Andrews and Jimmy Vaughn.

Included in the program is weight lifting, running and swimming. Boys of any age are invited to take part.

--continued from page one

And What Have You

By BOB CRAIG

the rule that permits a compromise committee to write a bill larger than either of the two houses had passed. A compromise committee should iron out the differences in the bills passed by the two houses, not write its own

Adding to the problem is the rule that the bill coming out of this committee cannot be amended. This means that the bill must be either accepted as written by the committee or rejected. This leaves only the Governor with power to make any changes and he can only veto an item but cannot adjust any of the figures.

Efforts have been made for a number of years now to change the power of this committee or at least force them to meet out in the open but serving on this committee is just too much of a political plum for the powers that be to turn loose of.

Anyone serving on this committee can place all kinds of pet projects in the bill that could never get by the legislature any other way. This is why the bill coming out of the committee was higher than the original bill passed by either house.

This is the reason that people like Bill Heatley, House Chairman of Appropriations, always gets reelected from his district without any trouble. He takes good care of his district — at the expense of the rest of us.

The swimming pool water was not

Lawlis' grandson from Duncanville, singing with a touring choir spent Sunday night with them, having made a stop at First Church in Anson to sing. There are 84 members in the choir and they plan to be gone some two weeks singing in New Mex., Arizona, California and Mrs. Grace Brewer of Abilene old Mexico. Their grandson is Danny Johnson and his friend Rush Theobalt spent the night also. The choir is from First

Baptist Church in Duncanville.

Drunk-Driver Control Bill Could Save \$340 Million

AUSTIN - "Texans may save \$340 Million in the next two years because of one new law passed by the legislature and signed by the Governor," according to the president of the Texas Safety Association.

J.U. Parker, a Houston safety consultant, who heads the statewide safety group, made the comment today in a release

'Employer Kits' Help Explain **Social Security**

Kits of materials designed to help employers explain social security to their employees are available through social security offices, according to officials here.

Called the "Employer Portfolio," each kit includes three If someone paid you ten cents educational packages, a so--(1) employee communicawages, and (3) employee re-Mr. and Mrs. Woodrow tirement information.

The employee communication package, designed to help employers explain social security to their younger employees, includes a poster, an informational paycheck stuffer, and a small tabletop display card.

The employer guidelines package on reporting wages includes a leaflet entitled "Information about Making Social Security Reports," a sample Form 941 Quarterly Wage Report for employers, and other information for payroll office personnel.

The employee retirement package, designed to help employers plan and conduct pre-retirement seminars, includes a comprehensive booklet on the subject, "Are You Planning on Living the Rest of Your Life?'

The retirement booklet may be ordered from the Superintendent of Documents, Washington, D.C. 20402 for 30 cents a copy with a 25 percent discount on orders of 100 or more.

Employers who need 5,000 or more copies of the employees communications materials will be sent reproduction plates from which they may print whatever quantity they want, the social security spokesman said.

from TSA's Austin office.

He explained that Governor Preston Smith had signed into law a measure aimed at controlling the problem of the drunkened drinker-driver. Recommended as a part of the Govern'r's traffic safety program, the bill establishes the presence of 0.10 percent blood-alcohol concentration in a driver as a presumption of driving while intoxicated.

"Last year in Texas, abusive drinker-drivers contributed to the deaths of some 1,700 Texans on our highways. The cost to all Texans was an estimated \$348.5 Million," Parker said.

"If this new law is uniformly, fairly, and firmly enforced throughout Texas, it could bring into control our number one highway safety menace and reduce the death toll by as much as 50 percent during the next two years," Parker commented.

"Such a reduction could easily save the citizens of this state \$340 Million in the same period of time," the TSA president stated.

"But I must re-emphasize," Parker continued, "that we will not see a reduction in this abusive drinker-driver death toll unless there are strong efforts from the local law enforcement level and unless there is positive cooperation from the courts."

Parker said that the new drunk-driving law is evidence of growing concern by the people of Texas with this major highway safety problem.

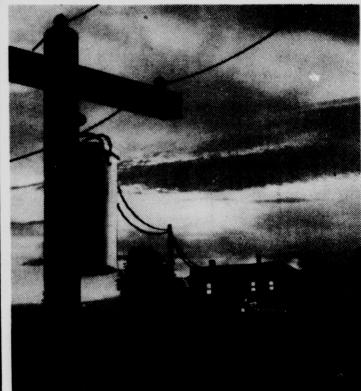

CONVICTION "TAX" LEVIED - Cost of moving traffic violations and other convinctions will go up under a bill signed into law and designed to provide funds for projects to improve the criminal justice system.

In addition to other taxable court costs, \$2.50 will be charged in each misdemeanor conviction in justice of the peace or municipal court. County misdeameanor convictions will be charged an additional \$5 in court costs, and felony convictions, \$10.

Attorney General Martin warns consumers to beware of phony travel promoters who may take their money and run.

keeping the covenant

When it was first organized, the Midwest Electric Cooperative made a covenant to provide area coverage and to furnish electric service to all the people in their service area with electricity who desired it.

Such an agreement was not easy to keep because cooperative members were widely dispersed, often miles apart and located, for the most part in sparsely settled rural areas.

But with an honesty and integrity which are a part of their heritage, they have kept the covenant, furnishing a low-cost dependable supply of electric power which is warming the hearts and homes of thousands of memberowners while Helping Texas Grow.

Federal Government Revise! Robert Buchanans Farm Vehicle Regulations

Congressman Omar Burleson vehemently the restrictions on today announced that the Department of Transportation has indicated its intention to revise its commercial vehicle driver qualification regulations insofar as they apply to drivers of certain vehicles controlled and operated by farmers. This action followed consultations and study within the Department, with the Department of Agriculture, with farm group interested parties.

Congressman Burleson stated that the Department's Federal Highway Administration found

"As one who has protested farm vehicles, and who has introduced legislation to correct this inequity," Burleson said, "this action is a step in the right direction.'

He stated that the Department's revision will cover a proposed exemption from the new driver qualification rules for all drivers of farm vehicles under 10,000 pounds gross vehicle weight, a lowering of the representratives and other minimum age to 18 for drivers of farmer-controlled and operated vehicles, and selected exemptions from some other requirements. The agency also

that the seasonal and in- will consider a 150 mile radius termittent nature of interstate exemption for single vehicles farm operations; the general (nonarticulated) and limited short range of the majority of exemptions for the larger and farm trips; and the lower in- heavier multiple-unit (arcidence of exposure of farm ticulated) types of farm vehicles to highway collision vehicles. There is also a general risks support revision of the exemption proposed for drivers of vehicles used in custom

Neinda Philosopher Tackles Big City Problem, Comes Up With Nothing

Editor's note: The Neinda Philosopher on his Johnson grass farm on Route One reflects some more on the plight of the cities this week and seems to regret it.

Dear editar:

On the well-established principle I guess that Washington should leave you alone when you're doing well and bail you out when you're doing bad, the country's biggest CASSLE & SON, Real Estate railroad, biggest plane manufacturer, and biggest cities hollering for have been financial help from Congress running well up into the billions of dollars. tanks, excellent fences,

But it's the situation with the immediate possession, well cities that interests me this week. One problem at a time. According to a newspaper article I read last night, the mayors of some of the nation's biggest metropolises are frankly saying their cities face Easy terms can be arranged bankruptcy if Washington on this \$5,500 home. See at 437 doesn't furnish them billions of N. Central Avenue, Hamlin, dollars before the summer's then call Stamford Federal

I don't know anything about such high finance, although I suspect that when a city needs that kind of money to keep from FOR SALE OR RENT - Two going busted, it's already Bedroom Home 511 N.W. Ave. busted, but the question I'm H. Small Equity Buy. Loan is working on is, what happens 41/4 percent interest. PH. 576when a city does go bankrupt?

Who takes it over? What does he do with it when he does? Hold

carport with lots of storage. County Agent Says 424 S. W. Ave. E. Call after 5 Do Not Spray for Corn Leaf Aphid

Heavy infestation of the corn leaf aphid in grain sorghum fields over Jones County are causing alarm for some farmers says Jones County Agent Kirby Clayton. The small green insect, says Clayton, is found in the swirl of the sorghum plant and sucks juices from the plant to sustain itself.

Clayton says, "That he does not recommend spraying for reduced \$1,000. Call Carolyn this pest even though infestations may be rather Heavy." He reports that several research plots on the plains last year were sprayed for control of this pest and none of them showed an economic return.

The agent reports that when the sorghum plant exerts it's head the aphids will begin to disappear. Beneficial insects will eventually be able to control most infestations.

For further information on the corn leaf aphid call your County Agent office.

exemption for farm fehicles.'

Baked with family pride. a garage sale and hope some other cities come over and buy

whatever parts they need? This is a problem not enough thought is being given to. Doesn't the Pentagon have contingency plans for such an eventuality? Doesn't the New

York Times have a copy? Now I know that when farmers, who used to make up over 50 percent of the population, started going broke, the experts said oh, they're just marginal farmers, let them go under and get a job somewhere else, and today only 8 percent of the population are farmers.

You suppose they'll now say oh, these busted cities are just marginal cities, inefficiently operated, let them go under and

do something else? All right, suppose that happens, and cities start dwindling to where only 8 percent of the population lives there.

That's an 8 percent of in the country, 8 percent in the city. Where in the world are the other 84 percent?

I'm sorry I brought the matter up.

Yours faithfully,

HEIDENHEIMER'S

420-million bushels is the estimated harvest now getting under way in the southwest and midwest wheat belt. This harvest has to be moved from growing areas to elevators and mills, also to ports for export.

Here's how Santa Fe has been getting ready for this

At the start of the year we ordered 800 giant 100-ton covered hopper cars which are ideal for moving wheat, potash and bulk commodities as they can be loaded in twelve minutes and unloaded in about three minutes. During April we added 500 more to increase the order to 1300 cars, so we could have almost 10,000 giant hoppers ready by harvest. We also use box cars and other types of equipment to keep the wheat rolling.

And there are other ways we are ready for this big job. Last year we expanded and automated our Argentine Yard at Kansas City, which is a busy wheat terminal. Our data center at Topeka is prepared to keep constant check on cars to gain the best possible utilization of equipment. Diesel units have been added to our locomotive fleet and older units updated to move the wheat trains.

Now the harvest is starting and Santa Fe people, with their experience and dedication, are ready to handle this big transportation job. All together we are making our strongest effort to move this year's wheat harvest while at the same time keeping all other freight moving across our railway.

"To efficiently move huge volumes of wheat at harvest time must depend on fast loading and unloading of cars by shippers,

elevator operators

and at port terminals. We must also rely on prompt inspection by government agencies. Through cooperation with everyone in the grain industry, Santa Fe is making an all out effort to move this year's wheat

harvest without a serious car shortage.' John S. Reed President - Santa Fe Railway

Santa Fe-the railway that is always on the move toward a better way
